

RIGHT TREE IN THE RIGHT PLACE

BEFORE YOU PLANT A TREE BE SURE TO CONSIDER

WHY

do you want to plant a tree?
For shade? Fruit?
Colour? Wind screen?

WILL

you have time to nurture the tree (prune water, fertilize)?

CONFIRM

what you are buying – use the latin name.

SOIL TYPE,

pH and WATER

REQUIREMENTS match the needs of the tree.

MATURE

SIZE AND HEIGHT

When **MATURE**, it **WON'T** interfere with above/below ground infrastructure (power lines, drainage tiles, city signage, street corners), or encroach on an existing tree or obscure neighbour's view.

CORRECT

HARDINESS ZONE

rating for the tree?

For more tips on site/tree prep and Kamloops' plant hardiness zones visit gardenprofessors.com/twelve-step-program-for-planting/purityfeed.ca/blog/Hardiness-Zones-in-Kamloops.htm
