

URBAN TREES

NORTHERN ACCLAIM HONEY LOCUST

Gleditsia triacanthos var. inermis 'Harve'

MATURE HEIGHT

Up to **50 feet** (15 metres)

MATURE SPREAD

Up to **35 feet** (10 metres)

LIFESPAN

70 years

GROWTH RATE

Moderate to Fast

SUN

Full Sun

HARDINESS ZONES

3 to 6

WATER REQUIREMENTS

Moderate

SOIL TYPE

Well drained, moist soil; Not particular to soil type/pH

FIRE SMART

Yes

PROS

- **HARDY**, fast-growing, drought and pollution tolerant (once established), dappled shade, interesting bark, **thornless and seedless**, resistant to canker.

CONS

- Does **not** tolerate shade, has **aggressive** (deep) **roots** and requires a **LARGE YARD** where it can be planted **at least** 20 feet from a house.
